Professional Summary

Full-Stack Developer with 1.6 years of professional experience building scalable web applications. Proficient in **JavaScript, TypeScript, React, Next.js, Node.js, Express.js, MongoDB, PostgreSQL, and Prisma ORM**, with a strong foundation in Java, DSA, and System Design. Skilled in developing responsive user interfaces, designing secure REST APIs, and optimizing application performance. Completed 1200+ hours of hands-on coding across solo and collaborative projects, delivering clean, efficient, and maintainable code.

Experience

Full Stack Developer

April 2025 – Present

Trexo FinTech Private Limited

- Built and shipped full-stack fintech web applications using Next.js, React, TypeScript, and Tailwind CSS on the frontend and Node.js/Express.js on the backend.
- Designed and integrated secure REST APIs with MongoDB/PostgreSQL (Prisma ORM), ensuring reliable data flow between client and server.
- Developed responsive dashboards and interactive UI components with smooth animations to enhance user experience.
- Optimized application performance and cross-browser compatibility while writing clean, reusable, and maintainable code.

Projects

Trexo Money

[Live Website](#)

- Developed a fintech web application using Next.js to provide modern digital banking and savings solutions.
- Built a responsive UI with Tailwind CSS and added smooth animations and transitions across landing pages and components.
- Optimized performance and ensured cross-browser compatibility.

Trexo Edge

[Live Website](#)

- Developed a payout management platform using Next.js and TypeScript, with bulk payouts, transaction tracking, and real-time status updates.
- Built dynamic dashboards and integrated backend APIs for seamless payout processing.
- Ensured type safety, clean code practices, and maintainability using TypeScript.

Shree Sai Siddhi

[Live Website](#)

- Developed a credit society website using Next.js and TypeScript with a responsive, mobile-first design.
- Built sections for deposits, savings, loans, insurance, and current accounts, plus a financial return calculator with real-time updates.
- Created reusable UI components and integrated contact, branch location, FAQ, and account inquiry features.

Skills

Frontend: HTML, CSS, JavaScript, TypeScript, React.js, Next.js, Redux, Tailwind CSS, Bootstrap

Backend & Databases: Node.js, Express.js, REST APIs, MongoDB, PostgreSQL, MySQL, Prisma ORM

Tools & Others: Git/GitHub, VS Code, Render, Vercel, Java, DSA, System Design

Education

Masai School, Full Stack Web Development ([Certificate](#))

Sept 2023 – May 2024

PW Skills, Java with DSA and System Design (Apprenticeship) ([Certificate](#))

Jan 2023 – Oct 2023

- Trained in Java (basic to advanced), Data Structures & Algorithms, and System Design, and built projects to apply these skills in practice.

Dr. Ram Manohar Lohia Avadh University, Ayodhya, U.P., Bachelor of Computer Applications (BCA) ([Certificate](#))

July 2019 – Dec 2022
